Re: Isolation Release Orders

COVID-19 cases within the Lincoln Trail District Health Department (LTDHD) service area are increasing without signs of decline. In August, the total number of cases surpassed July numbers by 263% and resulted in the most COVID-19 cases in any month to date. The continued stress upon public health resources has required LTDHD to implement the following change.

Upon the advice of state public health leadership, beginning September 7th, LTDHD will discontinue the issuance of release letters. Individuals who test positive will still be contacted and educated regarding COVID-19. However, if written documentation is required for employers, it is suggested that a copy of the positive lab or statement from the testing physician's office be provided. Guidance regarding how to isolate and/or quarantine will be available on our website at [www.ltdhd.org](http://www.ltdhd.org). A calculator to help businesses determine isolation and quarantine end dates will also be available on our website beginning September 7th.

Thank you in advance for your cooperation in this area,

  
Sara Jo Best, MPH  
Public Health Director
