

Leadership Hardin County (LHC) is a nine session, ten-month long program scheduled annually, which provides a unique opportunity for interested citizens to learn about the needs and resources of their community.

The program is sharply focused on concerns and capabilities of our ever changing and growing communities. Class members learn, develop and experience the program through lectures, presentations, practical exercises, visits, tours, independent study and meetings with key community leaders. Class members will examine the community's organizational structure and associated City, County, State and National resources available to assist the community in meeting the needs of the residents. Students will have one overnight trip during the program.

LHC class members are a diverse group of dedicated individuals who are interested in examining and experiencing ways to help the communities in which they live. The program is essentially self-funded through tuition fees paid by the class members or their employers.

LHC class members are expected to make a commitment to attend 100% of the sessions and to accomplish any class related assignments. **The retreat is mandatory (no exceptions will be made). Most of the remaining sessions will be day-long sessions (8AM— 5PM) scheduled on the third Thursday of each month.** It is imperative to participants and the program as a whole to have the assurance and commitment of each class member, their family and employer in order to ensure attendance at all sessions.

The class will be challenged to develop and implement a community project which solidifies the bond that develops between classmates while making Hardin County a better place to live, work, and play.
